COREX CX 2XX

Corex CX 2xx is a stripping tool for coaxial cable, Ø 2,5-7,6 mm/0.1-0.3", 2 level stripping.

- Flexible. Strips more coaxial cable sizes (Ø 2.5-7.6 mm/0.1-0.3") than any other comparable stripper.
- Accurate. Strips most cables with machine-like accuracy. Standard cassettes produce the strip lengths required for the majority of connectors. Custom cassettes can be made to order.
- Unique setting gauge gives simple adjustment of blade height for most common cable types.
- Fast. Simply insert the cables, close and rotate to strip.
- Long-lasting. Steel blades tested for more than 1,000 strips per cassette.
- Economical. High productivity, long life and great versatility make Corex a best buy for anyone who needs to strip more than one cable size
- Each tool is delivered with one knife cassette, four v-blocks, gauge and allen-key
- All four cassettes are available as separate items.

	Cassette Colour	Blade Spacing(B) mm/"
