

COMPACT® MANUAL PUNCHER STRAIGHT

Compact® manual puncher straight - our classic

How does the hole get into the sheet? With 75 kN of concentrated punching force! The Alfa basic model from the hydraulic ALFRA hand punch line is a lightweight with bite. Weighing just 1.45 kg, it becomes an invaluable helper in combination with all types of

sheet metal punching machines when a particularly large number of openings or unusual material thicknesses have to be handled every day in control cabinet and control system construction.

- 1 Precisely tuned pressure relief valve protects against damage to the cylinder
- 2 Reinforced, comfortable soft-touch handle to prevent slipping
- 3 Heavy-duty aluminium design for reduced weight at just 1.45 kg
- 4 Roller-finished, particularly smooth cylinder running surfaces protect against wear – even under heavy loads
- 5 High punching force 75 kN
